

## **2018 - St. Boniface Church Picnic**

As you know the Hog Roast held for the past 20 something years has been abandoned – We believe part of the reason for that is that it had become too much work. We feel it is worth some effort to have a get together but keep it simple and limit the workers needed to support the event. We formed a committee and came up with having a picnic. We hope we get your support in the raffle and by your attending the event & just maybe having a good time while you're at it.
